

Eliciting Correct Production of /d/ and /t/ Sounds

The /t/ and /d/ sounds are made by tapping the tongue tip just behind the top front teeth. The /t/ sound is unvoiced, meaning the vocal chords do not vibrate. The /d/ is voiced made by forcing more air through the vocal chords to make them vibrate.

Initial /d/ words

dad	deep	dig	dock	door
dance	deer	dime	doe	dots
dart	den	dirt	dog	down
day	desk	dish	doll	duck
deck	dice	dive	dome	dust

****Done* is an early first word indicating completion!

Final /d/ words

add	bride	food	red	sled
bead	bud	glad	road	slide
bed	cloud	head	sad	squid
blood	dad	hide	sand	thread
braid	feed	lid	seed	toad
bread	flood	pod	shade	wood

Initial /t/ words

tack	tape	ten	toast	toy
